# PSE-NL

## We are looking for members!

PSE-NL is a young and ambitious knowledge network for professionals, students and anyone interested in PSE. PSE (process systems engineering) concerns the systematic analysis and optimization of decision-making processes for the discovery, design, manufacture and distribution of products.

We organize several activities throughout the year to bring PSE professionals and students together, for example, symposia, network meetings but also (hands-on) workshops!

We can really use your support! Individual membership is €45,- per year. industrial membership is €450,- per year. Members join our events for free and get access to a valuable network of PSE professionals! Join us or ask for more information via [info@pse-nl.com](mailto:info@pse-nl.com).
